This is the 21st Century and in this era, we cannot expect our children to continue looking at career options that existed during the times when their parents were growing up, that is in the 20th Century. And that is exactly the reason why Mohit has come out with this brilliant compilation- Parent's Handbook of Careers after School, a must read for all parents of 11th and 12th graders.

This is a collection of a huge number of career options available to students in higher education, but it focuses on providing information to parents, especially those parents who are concerned about providing the right career options to their children and help them make the right decisions in accordance with their aptitude. Parents as well as students will find a vast amount of information, presented in an easy to browse and read format in this book. You will find careers that you had never imagined existed; and also careers that are a perfect fit for your child's abilities. Knowing Mohit and his penchant for perfection, I trust the information to be accurate and would like to compliment him and his team, for bringing this out at the right time. This is the time when the implementation of various provisions of the National Education Policy, 2020 have already been initiated and we can soon expect to see path-breaking changes in the National Curriculum Framework in the coming months.

In current times, while there is no dearth of information available online, it takes a lot of patience to sort through all the available data and verify the authenticity of what one reads. Mohit and his team have given a one-stop solution to the parents of students who are about to embark on their higher education. I highly recommend this handbook to parents and students who want to look beyond the traditional career choices that are typically made, and explore the wide range of options offered by the Indian education system. A word of unsolicited advice to the parents – keep an open mind while helping your child choose her future. While helping her make her choices, do remember that no career is big or small. It all depends on what she makes of it at the end of the day.

I take this opportunity to wish Mohit all the best for all his future endeavours and thank him on behalf of all of you for making lives so much easier at the crucial cusp between school and higher education. Keep up the great work Mohit!

Terms of Use:

- Utmost care has been taken to ensure the proper checking of the information and compilation. In case of any discrepancy, please write to us at info@mohitmangal.com.
- For the latest updates, we strongly urge you to check and rely on the actual website of the College / University or the test conducting body given in the Book.
- Wherever 2 or more dates or months are given, that may represent two or more cycles of the same test being conducted.
- Wherever the word "Multiple Dates" is mentioned, the dates may be chosen while filling the form.
- Few Notifications for the current year may not have come yet. The corresponding and tentative dates are mentioned based on previous year notifications. This may change in the current year. Please check the actual test website or www.mohitmangal.com for updated notifications.
- Few abbreviations which are used in the Compilation: PI (Personal Interview), GD (Group Discussion), SA (Skill Assessment), WAT (Written Ability Test), MP (Micro Presentation), SOP (Statement of Purpose), PFT (Physical Fitness Test), SPT (Sports Proficiency Test).
- The Ranking of colleges given in the book are based on the 19 Years of experience in the education sector of the Author. The ranking given is the true understanding and view point of the author and may differ with others.
- The Compiled Content including dates, definitions, degree nomenclatures, entrance exams, details etc. in the book has been gathered from various authentic sources like UGC, MHRD, Individual College or Institution website etc. This data is being used for education and information purpose only. The author acknowledges all sources whether mentioned or otherwise.

Meet our EXPERTS for Career Counseling

? Have I taken the right decision by opting for Science, Commerce or Arts?

? Which Career options do I have after college?

? Which stream/career should I select after 10th/12th?

Chief Counselor: Mohit Mangal

Mr. Mangal is a Nationally Renowned Career Counselor and Educational Psychometrist. Mr. Mangal quit his cushy job in a top FMCG Company in 2003, to help students find their right career path. Today, more than 19 years later, Mr. Mangal is one of the most popular, successful and well-known motivational speakers and career counselors who has delivered more than 1600 talks across India and helped more than 6.5 lakh students identify their right path forward. Driven by the assurance of having made a substantial difference, and motivated by the zeal to surpass his own self, Mr. Mangal along with his team continues to deliver career awareness workshops, design and use Self-Assessment tools for school and college students, and offer guidance to more than 1,00,000 students each year.

Core Counseling Team

Firdose Kapadia

A international trainer and a Henry Giessenbier Fellow and Senator of JCI-USA. He is a PRIME and EXCEL Graduate of Junior Chamber International University-USA. He has trained, mentored and counseled thousands of students and professionals for the last 20 years. He has conducted numerous Goal Setting and Career Counseling sessions for schools and colleges. He is an outstanding Motivational speaker and has dealt on soft skills / Team Management with Senior and Middle Management Level professionals across companies like Asian Paints, Bosch Rexroth, Divya Bhaskar, Zydus-Cadila to name a few. He is well known for his counseling for school students and 'Effective Parenting for New age teens' workshop for Parents.

N. Sathyanarayan

A Computer Engineer and an MBA from the prestigious IIT Madras, Mr. Sathya is an all rounder when it comes to mentoring, counseling and academics. He is one of the rarest of teachers who not only guides and counsels students in cracking exams, but also appears for them along with his students. He holds the distinction of having cracked national level competitive exams like CAT, CLAT, UGAT Etc. in a row with over 99.9 percentile every time. He is popular amongst school and college students for his counseling sessions. He has mentored more than 75000 Students in last 10 years.

Aishwarya Chhasatia

A Masters in Psychology with Counseling Specialization, Ms. Aishwarya is the Senior Counselor responsible for psychometric deep probing and case history capturing for candidates going for Career Counseling. Her innate ability to gauge the behavioral concerns being faced by school and college children makes her an excellent Counselor. She also heads the research division of the organization responsible for collecting information about various universities, colleges and courses offered across India. Gathering information through research on latest happenings in Education Sector and various new age education opportunities across India is her passion. It is through this research that the authentic information about institutes, schools, courses etc. is given to students who come to us for counseling.

FAQs about Career Counseling

What is Career Counseling?

Career Counseling is a process in which an expert helps you with your career exploration, career change, personal career development and other career related issues. This is a process in which the counselor gives advice on "career" with counseling techniques that simplifies complex decisions and difficult situations for the candidate. The expert helps you know yourself better using a set of questions - verbal or written. Based on the response, the expert guides you in getting answers to questions which cannot be answered by self.

What is iQue Brain Mapping?

Brain Mapping is "in person Interaction" process with the Counselor, in which the Aptitude of the candidate is assessed, looking at the comfort and natural bent towards different subjects which one is exposed to in the previous years of his/her academic or non academic areas. Following this, in the same "in person interaction", Interest of the candidate is assessed by gauging his/her top of the mind recall and leisure time spent or desired. Lastly, the counselor talks to the parent or anyone closely related to the candidate to understand the influence of his/her surroundings along with family/Peer Group/Social Impact. At the end, a detailed analysis of Orientation, Aptitude, Interest and Personality (OAIIP) of the candidate is shared and discussed to create further career plan and line of action.

Why is iQue Brain Mapping the MOST Effective tool for Career Counseling?

The Brain Mapping method of Career Counseling is MOST effective tool due to three reasons:

1. Since the process is personal interaction based, each response of the candidate can be assessed carefully and which response has to be discounted or enhanced, can be taken in consideration by the counselor, which is impossible in any other form of assessment.
2. An open option of deep probing is available, if in any response the counselor feels some disconnect. This is impossible in any other form of assessment in the first round. Only in the second round it can be done, that too if and only if the counselor is able to figure out the discrepancy, which is extremely difficult.
3. Counselor can remove any ambiguity in the response, if found, at any point of time during the interaction. This is impossible in any other form of assessment in the First round. Only in the second round it can be eliminated provided, the counsellor is able to figure out the discrepancy which is extremely difficult.

What is Multiple Choice Aptitude Test and why its results are not effective?

A test containing Psychometric questions of multiple choice type, ranging between 100 to 600 in number, to be completed in a given time frame is Multiple Choice Psychometric Test. This test is administered to the child and then the report based on the child's response in form of A/B/C/D options is generated. This tool used for the purpose of career counseling has loads of drawbacks.

In my research, I found these tests are built to cater to masses because individual counseling and probing takes a lot of time and the scalability is restricted. Also, most of these tests are developed in western countries and are not sufficiently tested and balanced as per Indian needs.

Further I found that most of the children either do not understand many questions in these tests or after answering a few questions, they do not take the test seriously and just start marking the choices at random. This drastically affects the reliability of the report and thus renders the process inefficient for Career Counseling. Also there is no way for the counselor to find out any discrepancy in the result for deep probing.

What is DMIT (Dermatoglyphics Multiple Intelligence Test)? Why is it ineffective?

DMIT, also known as "Dermatoglyphics Multiple Intelligence Test" is JUST an empirical study which is associated with biometrics and brain lobes. This study claims to help in understanding a unique inborn potential and personality. This study was conducted by Howard Gardner and he proposed this model in his book in 1983 "Frames of Mind: The Theory of Multiple Intelligences".

This was a research thesis project which showed some correlation between finger prints and Multiple Intelligences. It was picked up by some Marketers who published and marketed it well in third world countries like India, Sri Lanka, Pakistan, Bhutan, Bangladesh, Honk Kong etc. There is NO research or clinical evidence to prove the authenticity of the same. It is like shooting without a target which one will hit every time.

Introduction

This book has been prepared in accordance with "The Gazette of India, July 5, 2014" released in March 2014 (Yes March 2014). This Gazette released by "University Grants Commission" under the head of "Specification of Degrees" says that in exercise of the powers conferred by UGC Act 1956 and in suppression of all earlier Gazette Notifications pertaining to specification of Degrees, the University Grants Commission (UGC) with the approval of the Central Government hereby specifies the nomenclature of the degree for the purpose of the said Section.

Further to this, I have taken in consideration the gazette amendment of 21st July 2015 and of 31st May 2016 for the current compilation.

Although UGC has broadly classified these Specifications in 15 categories for Bachelor Degrees after 12th, but for the ease of the reader, I have skipped few and further sub categorized few classifications and made a total of 22 Categories.

A few Degree Nomenclatures given in this Booklet have been changed or restructured by UGC. But due to popularity of the older nomenclature, I have still incorporated them in the compilation. For e.g.: A popular degree course BJMC (Bachelor of Journalism and Mass Communication) or BMC (Bachelor of Mass Communication) has been restructured by UGC as BA (Journalism & Mass Communication). Still some universities use the name BJMC or BMC. But the final Degree Certificate which the candidate will get after completion of the graduation will be BA (Journalism & Mass Communication).

Therefore the USP of this book is that any college/institute offering a Degree Nomenclature which shows no presence in this book is either fake or marketed in a different way to attract students.

Happy Reading and Forwarding!

Streams Available after 10th

There are 4 Primary Streams available after 10th in the Indian Education System, namely

1. Science-A Group (with primary subjects as Physics, Chemistry and Maths)
2. Science-B Group (with primary subjects as Physics, Chemistry and Biology)
3. Commerce Group (with primary subjects as Accounts, Statistics, Economics and Business Studies)
4. Arts/Humanities Group (with primary subjects as History, Geography, Political Science, Sociology and Psychology)

There are few Schools who also offer an AB Group (with primary subjects as Physics, Chemistry, Mathematics and Biology. In this either Maths or Biology is termed as an additional subject)

The student has to choose one of the above mentioned groups of subjects in grade 11 and 12 primarily if the candidate wishes to pursue higher education in India.

Different Boards available in India

There are five main education boards available in India. Students may choose a board that suits them best. The choice shall be made on the basis of difficulty level associated with the boards and aptitude of the student. The five available education boards are:

- IB (International Baccalaureate)
- Cambridge IGCSE (International General Certificate of Secondary Education)
- ISC (Indian School Certificate)
- CBSE (Central Board of Secondary Education)
- State Boards

IB is the most practical oriented board and thus is considered to be the toughest board among all. It focuses on the concept of 'What to learn' and 'how to learn'. This board gives one a good amount of Elective subject choices and in turn gives flexibility of what a child wishes to learn. Much emphasis is laid on 'application of knowledge' and 'practical aspects' of learning. In this Board, there is no concept of stream selection after 10th like Science, Commerce or Humanities/Arts. The candidate has to pick up subjects of his/her choice and then the choice available for graduation depends upon the eligibility of various graduate courses available.

IB Board is followed by **CIE or IGCSE** (regulated by Cambridge Assessment International Education. While International General Certificate of Secondary Education deals with Std. 10, AS and A Levels deal with std. 11 and 12 respectively) in its practical approach of pedagogy. This board also gives good number of Elective subject choices offering something for all learners of different abilities, interests and backgrounds. It focuses on developing vital educational knowledge, understanding and skills. Again, it is considered to be tougher than other national boards, because of advanced level of learning and the teaching methodology. In this Board also, there is no concept of stream selection after 10th like Science, Commerce or Humanities/Arts. The candidate has to pick up subjects of his/her choice and then the choice available for graduation depends upon the eligibility of various graduate courses available.

ISC board comes next in the difficulty level. This board also follows quite a bit of practical learning approach though reference books and the pedagogy is less rote oriented. In this board, the first level of selection of stream takes place after grade 8, i.e. Science or Commerce or Humanities. If you have taken Science, you can shift to any other stream after 10th but vice versa is not allowed by most of the schools. Second level of stream selection takes place after 10th. The options available are Science-A Group, Science-B Group, Commerce or Humanities/Arts. The candidate has to pick up Compulsory subjects of commerce stream and can choose 1 or 2 electives as per the offer of various schools.

Next in the difficulty scale is the **CBSE** board. I think most of us are aware of this board. This board is a good mix of practical and rote oriented Pedagogy. It functions under the Union Government of India. Difficulty level associated with this board is moderate.

Last comes **State Board**. Each State in India has its own education board. It functions under the respective State Government of each state. Language of instruction (medium) in case of schools affiliated to such boards may be regional language or English. This board in most cases is found to be rote oriented. There is lack of creativity and flexibility allowed in the method of pedagogy. Also the children studying through vernacular medium in state boards primarily look for studying at the state level itself.

Professions Available across 22 Higher Education Verticals after 12th

1. Agriculture and Allied Sciences

Agriculturalist, Agriculture Engineer, Agriculture Technician, Agrobiologist, Apiculturist, Arborist, Biological Scientist, Biotechnologist, Botanist, Commodity Trader, Conservation Scientist, Crop Insurance Manager, Dairy Product Managers, Dairy Scientist, Dairy Technologist, Dietician, Environmental Scientist/Engineer, Floriculturist, Farm Production Manager, Food Process Engineer, Food Chemist/Microbiologist/Researcher, Forest and Conservation Technicians, Forest and Conservation Workers, Foresters, Horticulturist, Irrigation Engineer, Phytopathologist, Plant Breeder, Plantation/Farm Manager, Rice Breeder, Seed Technologist/Agronomist, Sericulturist, Silviculturist, Soil Scientist, Viticulturist, Weather/ Crop Forecasting Expert, etc.

2. Architecture and Planning

Archaeologist, Architect, Architectural Engineer, Building Surveyor, Commercial/Residential Surveyor, Construction Manager, Economic Development Planner, Extreme Architect, Furniture Designer, Industrial/Product Designer, Inspector/Conservation Officer, Interior Designer, Landscape Architect, Project Manager, Research Architect, Resources Planner, Restoration Architect, Spatial Designer, Structural Engineer, Town Planner, Urban/Regional Planner, etc.

3. Arts Humanities and Social Sciences

Anchor, Anthropologist, Archeologist, Behavior Analyst, Caption Writers, Content Writer, Copywriter, Curator, Economist, Editor, Geographer, Healthcare Social Worker, Historian, Interpreters & Translators, Journalist, Language Trainer, Linguist, Philologist, Political Scientist, Psephologist, Psychologist, Radio Jockey, Reporters, Restorers, Screenwriter, Social Worker, Sociologist, Victimologist, etc.

4. Business Management

Entrepreneur or Manager in the areas of Aviation, Brand, Customer Service, Dairy Product, Event, Finance, Ground Operation, Health Care, Hospital, Hospitality and Tourism, Human Resources, Information Technology, Investment, Market Research, Marketing, Online Advertising, Performance, Project, Public Relation, Real Estate, Retail, Risk, Sales, Social Media, Store, Supply Chain, Talent etc.

5. Commerce and Finance

Accountant, Actuary, Advertising Representative, Auditor, BPO Executive, Budget Consultant, Business Analyst, Business Lawyer, Chartered Accountant, Commercial Banker, Company Secretary, Cost and Works Accountant, Entrepreneur/Businessman, Finance Analyst, Finance Consultant, Finance Manager, Finance Planner, Financial Portfolio Manager, HR Executive, Insurance Consultant, Investment Analyst, Investment Banker, Market Research Analyst, Market Researcher, Marketing Manager, Merchant Bankers, Portfolio Manager, Retail Banker, Retail Manager, Retail Sales Executive, Stock Broker, Tax Auditor, Tax Consultant, etc.

6. Computer Applications

Animator, Application Designer, Audio and Video Technologist, Computer Systems Analyst, Cryptologist, Data Analyst, Data Scientist, Database Administrator, Ethical Hacker, Game Designer, Graphic Designer, Information Security Analyst, IT Manager, Multimedia/Web Programmer, Network Architect, Programmer/Coder, Quality Analyst, Senior Technical Consultant, SEO Analyst, Software Application Architect, Software Consultant, Software Developer, Software Publisher, System Analyst, Technical Writer, VFX Designer, Visual Communication Designer, Web Developer, Web Designer, etc.

7. Design and Fine arts

3D Animator/ Modeler / Texturing & Lightning Artist, Art Director, Caricaturist, Cartoonist, Concept Artist, Couturier, Creative Director, Design Consultant/ Director / Manager, Designer in the areas of Accessory, Animation, Automobile, Ceramic, Character, Communication, Exhibition, Fashion/Apparel, Film and Video Communication, Footwear/Shoe, Furniture, Game, Graphic, Industrial, Interior, Jewellery, Knitwear, Leather, Product, Production, Spatial, Textile, Toy, Urban, UI/UX, Visual Communication, Digital Artist/ Sculptor, Fashion blogger / Curator/ Director/ Illustrator/ Journalist/ Critic/ Stylist/ Technologist, Film & Video Editor, Fine Artist, Game Developer, Multimedia Artist, Photographer/Photo Journalist, Sculptor, Social Media Manager, UI/UX Artist, Visual Merchandiser, etc.

8. Defence Forces (National Defence Academy)

Indian Army, Indian Air Force and Indian Navy

9. Economics

Actuary, Agricultural Economist, Banker, Business Analyst, Business Economist, Cost Accountant, Data Analyst (Banking Sector), Econometrist, Economic Researcher, Equity Analyst, Finance Analyst, Finance Consultant, Finance Controller, Finance Manager, Finance Planner, Financial Risk Analyst, Industrial Economist, International Economist, Investment Analyst, Investment Banker, Investment Manager, Labour Economist, Plutologist, Professional Economist, Risk Managers/Analyst, Stock Broker, etc.

10. Engineering and Technology

Aerologist, Aerospace Engineer, Aerospace Materials Specialist, Agricultural & Food Engineer, Air Traffic Controller, Aircraft Maintenance technician, Aircraft Structures Technician, Airline Pilot, Astrobiologist, Astrogeologist, Astronaut, Audio and Video Technologist, Automobile Engineer, Avionics and Electronics Technician, Biochemical Engineer, Biotechnology Engineer, Building Surveyor, Ceramic Engineer, Chemical Engineer, Civil Engineer, Climatologist, Commercial Pilot, Computer Scientist, Construction Manager, Cosmologist, Electrical Engineer, Electrobiologist, Electrometallurgist, Electronics & Communication Engineer, Electronics & Electrical Engineer, Electronics & Instrumentation Engineer, Electronics Engineer, Environmental Engineer, Food Technologists, Geohydrologist, Geologists, Hydrogeologist, Industrial Engineer, Instrumentation Engineer, Leather Technologists, Manufacturing Technologists, Marine Engineer, Materials Science Engineer, Mechanical Engineer, Metallurgical Engineer, Meteorologist, Mineral Engineer, Mining Engineer, Naval Architecture Engineer, Naval Officer, Nephrologist, Nuclear Engineer, Oceanographers, Ontologist, Optical Engineer, Paint Technologist, Palaeoclimatologist, Petroleum Engineer, Physicist, Pilot, Planetologist, Plastic Engineering, Plastic Technologist, Polymer Engineer, Production Engineer, Pulp and Paper Technologist, Robotics Engineer, Sales Engineer, Scientist, Selenologist, Structural Engineer, Terminal Operations Manager, Textile Engineer, Ufologist, Volcanologist, etc.

11. Hotel, Hospitality and Tourism Management

Accommodation Manager, Adventure Tourism Guide, Cabin Crew/Flight Attendant, Catering Manager, Chef, Fare and Ticketing Agents, Food Stylist, Ground Operation Staff, Event Organizer, Health Tourist Guide, Holiday Consultant, Hospitality and Tourism Manager, Hotel Manager, Interpreters & Translator, Mixologist/Bar Chef, Restaurant Manager, Retail Manager, Tour Operator, Tourist Guide/Manager, etc

12. Law

Advocate/Lawyer, Arbitrator/Conciliator, Civil Lawyer, Constitutional Lawyer, Corporate Lawyer, Criminal Investigator, Criminal Lawyer, Criminologist, Detective, Diplomat, Family Lawyer, Judge, Judicial Magistrate, Jurist, Kremlinologist, Labour Lawyer, Legal Advisor, Legalist, Legist, Litigator, Mediator, Patent Lawyer, Penologist, Professor / Teacher, Prosecutor, Social Activist, Solicitor, Sports Lawyer, Taxation Lawyer, Victimologist, etc.

13. Liberal Studies

Accountant, Actuary, Advertising Representative, Anchor, Auditor, Aviation Manager, Brand Manager, Budget Consultant, Business Analyst, Caption Writer, Content Writer, Copywriter, Curator, Editor, Entrepreneur/Businessperson, Event Manager, Finance Analyst, Finance Planner, Financial Portfolio Manager, Hospitality and Tourism Manager, Human Resources Manager, Interpreters & Translators, Investment Banker, Journalist, Market Research Analyst, Marketing Manager, Merchant Banker, Political Scientist, Portfolio Manager, Project Manager, Public Relation Manager, Radio Jockey, Real Estate Manager, Reporters, Retail Manager, Sales Manager, Screenwriter, Social Media Manager, Social Worker, Sociologist, Supply Chain Manager, Talent Manager, etc.

14. Mass Communication

Advertising, Anchor, Art Director, Blogger, Brand Manager, Cartoonist, Cinematographer, Director, Content Writer, Copywriter, Columnist, Correspondent: Creative Writer, Critic, Digital Marketing Expert, Film Maker, Editor, Editorialist, Event Managers, Fashion Communication Designer, Journalist, Media Planner, Online Advertising Manager, Producer, Photo Journalist, Photography Designer, Public Relation Manager, Public Relations Executive, Radio Jockey, Reporter, Screenwriter, Scriptwriter, Social Media Manager, Sound Mixer and Sound Recordist, Talent Manager, Telemarketer, Video Jockey, Video Journalist, Visual Merchandiser, Web Producer, etc.

15. Medical and Surgery

Allergist, Anesthesiologist, Anesthetist, Otologist, Ayurvedic Doctor, Cardiologist, Chronobiologist, Cosmetologist, Dentist, Dermatologist, Endocrinologist, Epidemiologist, Gastroenterologist, General Surgeon, Gynecologist, Hematologist, Hepatologist, Histopathologist, Homeopathic Doctor, Hypnologist, Immunohematologist, Immunologist, Immunopathologist, Kinesiologist, Laryngologist, Naturopathic Doctor, Neonatologist, Nephrologist, Neurobiologist, Neuroendocrinologist, Neurologist, Neuropathologist, Neuropharmacologist, Neuropsychiatrist, Neuropsychologist, Neuroradiologist, Oncologist, Ophthalmologist, Orthopaedic Surgeon, Orthopsychiatrist, Otolaryngologist, Paediatrician, Pharmacologist, Physician, Physiologist, Proctologist, Psychiatrist, Psychopathologist, Pulmonologist, Radiologist, Rheumatologist, Rhinologist, Sexologist, Stomatologist, Toxicologist, Traumatologist, Unani Doctor, Urologist, Venereologist, etc.

16. Paramedical Sciences

Acupuncturist, Advance Care Paramedic, Assistant in the area of Operation Theatre, Ophthalmic, Optometry, Radiography, First-aid, Health Information Management, Hospital, MRI, Mammography etc., Clinical Dietician, Cytotechnologist, Diagnostic Medical Radiographer, Diagnostic Medical Sonographer, Dietitian, Drug Analyst, Drug Inspector, Environment Protection Officer, Food Service Dietician, Health Educator, Disease Counselors, Nurse, Nutritionist, Technician in the area of Anesthesia, Emergency Medical, Laboratory, Medical Record, MRI Scan, X-Ray etc., Technologist in the area of Blood Bank Laboratory, Burn Care, Cardiovascular, Computed Tomography (CT-SCAN), Critical Care or Intensive Care Unit (ICU), Dermatology, Leprosy Lab, Dialysis Therapy, Echocardiogram (ECHO), Electrocardiogram (ECG), Electroencephalogram (EEG), Electromyography (EMG), Electroneurodiagnostic (END), Endoscopy, Forensic Science, Hematology, Histopathology, Laparoscopy, Medical Equipment, Medical Laboratory Technologist, Neurodiagnostic, Neuro-science, Nuclear Medicine, Radiotherapy, Sleep Lab etc., Occupational Health and Safety Officer Etc., Ocularist, Optometrist, Perfusionist, Pharmacist, Pharmacologist, Physiologist (Clinical), Physiotherapist, Podologist, Respiratory Therapists, Sports Nutritionist, Sports Physiotherapist, Trauma Therapist, etc.

17. Performing Arts

Actor or Actress, Auteurist, Ballet Dancer, Choreographer, Cinematographer, Community Arts Worker, Conductor, Dancer, Director, Disc Jockey, Dramatherapist, Film Director, Film Maker, Hymnologist, Model, Music Director, Music Producer, Music Therapist, Musical Instrument Player, Musician, Singer, Thaumaturgist, Theatre Artist, Theatre Director, Theatre Stage Manager, Video Jockey, etc.

18. Pure Sciences

Acarologist, Aerobiologist, Algologist, Arachnologist, Archaeozoologist, Astacologist, Anthropologist, Bacteriologist, Batologist, Biologist, Biometeorologist, Biotechnologist, Bryologist, Carcinologist, Chorologist, Biological Scientist, Cryptozoologist, Chemist, Dendrochronologist, Dendrologist, Chronobiologist, Cryobiologist, Cytologist, Cytotechnologist, Ecologist, Ecotoxicologist, Dietitian, Environmental Scientist, Electrobiologist, Embryologist, Flavorist, Gemmologist, Geochronologist, Geologist, Geomorphologist, Gerontologist, Glaciologist, Enologist, Helminthologist, Enzymologist, Histologist, Epidemiologist, Hydrobiologist, Hydrogeologist, Hydrologist, Ichthyologist, Insectologist, Lepidopterologist, Lichenologist, Limacologist, Limnologist, Lithologist, Malacologist, Mammalogist, Mathematician, Microclimatologist, Micrometeorologist, Mineralogist, Myrmecologist, Hypnologist, Naval Officer, Nematologist, Microbiologist, Micrologist, Micropalaeontologist, Morphologist, Mycologist, Nutritionists, Odonatologist, Ophiologist, Orchidologist, Ornithologist, Orthopterologist, Palaeobiologist, Palaeoanthropologist, Palaeoecologist, Palaeolimnologist, Palaeontologist, Palaeopedologist, Paleoanthropologist, Palynologist, Parasitologist, Nosologist, Pedologist, Pestologist, Petrologist, Phenologist, Olfactologist, Photobiologist, Photogeologist, Physiologist, Phytologist, Phytopathologist, Organologist, Protistologist, Protozoologist, Osteologist, Pteridologist, Research Assistant, Palaeoanthropologist, Saprobiologist, Scientist, Sedimentologist, Seismologist, Palaeopathologist, Pantheologist, Physiopathologist, Primatologist, Serologist, Somatologist, Spelaeologist, Spongologist, Statistician, Thanatologist, Toxicologist, Virologist, Zoophytologist, Zymologist, Actuary, Forensic Scientist, Analytical Chemist, Biotechnologist, Biomedical Scientist, Clinical Research Associate, Forester, Ecologist, Biological Technician, Botanist, Horticulturalist, Cancer Research Scientist, Drug Analyst, Biosafety Associate, Data Scientists, Data Analyst, Data Architect, Data Engineer, Data Analytics Consultant, Protection Hydrologist, etc.

19. Rehabilitation Sciences

Audiologist, Audiology & Speech Therapist, Balneologist, Behaviour Analyst, Behaviour Therapist, Child Welfare Specialist, Clinical Psychologist, Clinical Social Worker, Community Health Counselor, Engineering Psychologist, Family Planning Counselors, Family Therapist, Health Psychologist, Hearing and Ear Mould Technicians, Human Immunodeficiency Virus (HIV) Counselors, Integrated Behavioral Health Counselor, Mental Health Support Workers, Multi Rehabilitation Therapist, , Rehabilitation Engineers and Technicians, Special Teachers for Educating and Training the persons with disabilities, Employment Officers and Placement Officers dealing with persons with disabilities, Multi-purpose Rehabilitation Therapists & Technicians, Rehabilitation Psychologists, Rehabilitation Social Workers, Rehabilitation Practitioners in Mental Retardation, Orientation and Mobility Specialists, Community Based Rehabilitation Professionals, Rehabilitation Counsellors/Administrators, Orthotist/Prosthetist, Otologist, Public Health Nutritionist, Recreational Therapist, Speech Pathologist, Vocational Counsellors, etc.

20. Sports and Physical Education

Athlete Development Specialist, Athlete, Athletic Director, Business Development Coordinator, Coach, Contract Administrator, Contract Negotiation Manager, Equipment Manager, Event Coordinator, Exercise Instructor, Facilities Manager, Fitness Manager, Marketing Consultant, Physical Trainer, Public Relation Manager, Referee, Sales Manager, Sport Agent, Sport Scout, Sports Analyst, Sports Commentator, Sports Lawyer, Sports Manager, Sports Officials, Sportserson, Stadium Manager, etc.

21. Veterinary Sciences

Acarologist, Agrobiologist, Agrostologist, Apiculturist, Aquaculturist, Arborist, Astacologist, Biological Scientist, Citriculturist, Coleopterist, Dairy Product Managers, Dendrochronologist, Dendrologist, Entomologist, Enzymologist, Ethologist, Fishery Scientist, Food Process Engineer, Herpetologist, Hippologist, Ichthyologist, Lepidopterist, Mammalogist, Ornithologist, Orthopterist, Parasitologist, Phenologist, Phytopathologist, Pomologist, Protozoologist, Pteridologist, Scientist, Sericulturist, Veterinary Doctor, Veterinary Pathologist, Veterinary Pharmacologist, Viticulturist, Zoologists, Zoophysiology, Zoophytologist etc.

22. Vocational Studies

Skill Based Professionals in the areas of Accessory Design, Advertising & Marketing, Analytics, Applied Arts, Automobile, Banking & Insurance, Beauty Therapy & Aesthetics, Building Construction, Clinical and Aqua Lab Technology, Nutrition and Dietetics, Dairy Production and Technology, Data Science, Design, Digital Art and Animation, Drug Design, Farm Machinery & Power Technology, Fashion Designing, Floriculture & Landscape Gardening, Food Processing, Forensic Science, Front Office, Functional English, Functional Hindi, Graphic Design, Health Care, Hospitality & Tourism, Human Resource Management, Industrial Chemistry, International Accounts, Jewellery Design, Live Stock Production, Management, Media & Communication, Medical Lab, Mobile Communications, Office Management and Secretarial Practice, Organic Agriculture, Paramedical & Health Administration, Physiotherapy, Power Distribution, Printing and Publishing, Refrigeration & Air Conditioning, Renewable Energy, Small & Medium Enterprise, Software Development, Solar Energy, System Administration, Tourism, Visual Communication, etc.

COURSE DESCRIPTION

India, the land of agriculture, always has the need for qualified and skilled professionals in the field of Agricultural science as well as in Research and Development. Agriculture Science deals with crop cultivation and harvesting, innovative technologies and advancements in farming methods, designing advanced tools and equipments for farming, research and development of hybrid crops and genetically modified foods and improving quality of the crop product, manufacturing effective pesticides and fertilizers, and much more. This field is a broad spectrum of various sciences dealing with Crop farming, Forest development and conservation, Agricultural Biotechnology, Agricultural Technology, Agricultural Economics, Plant Breeding and Genetics, Seed Technology, Soil Science and Agricultural Chemistry.

AVAILABLE DEGREES

DEGREE	DURATION	ELIGIBILITY
B.Sc. (Agriculture) (Bachelor of Science (Agriculture))	4 Year	10+2 with PCM/B
B.Sc. (Sericulture) (Bachelor of Science (Sericulture))	4 Year	10+2 with PCM/B
B.Sc. (Horticulture) (Bachelor of Science (Horticulture))	4 Year	10+2 with PCM/B
B.Sc. (Forestry) (Bachelor of Science (Forestry))	4 Year	10+2 with PCM/B
B.Sc. (Community Science) (Bachelor of Science (Community Science))	4 Year	10+2 with PCM/B
B.Sc. (Food Nutrition & Dietetics) (Bachelor of Science (Food Nutrition & Dietetics))	4 Year	10+2 with PCM/B
B.Tech. (Agriculture) (Bachelor of Technology (Agriculture))	4 Year	10+2 with PCM/B
B.Tech. (Food Technology) (Bachelor of Technology (Food Technology))	4 Year	10+2 with PCM/B
B.Tech. (Dairy Technology) (Bachelor of Technology (Dairy Technology))	4 Year	10+2 with PCM/B
B.Tech. (Biotechnology) (Bachelor of Technology (Biotechnology))	4 Year	10+2 with PCM/B
Diploma + B.Tech (Integrated Diploma & Bachelor of Technology)	6 Year	10 th Pass with 60%

CAREER PROSPECTS

Indian Civil Services	Higher Studies in Respective field	Indian Armed Forces	Agricultural Equipment Manufacturing
Technical Writing	Cooperative Services	Agricultural Research	Agriculture Production
Agricultural Journalism	Agricultural Journalism Consultant to Corporates	Teaching with Agriculture College	State/Central Civil Veterinary Services
Chemical Manufacturing	Higher Study in Management	Research and Development	Agriculture Policy Making

For explanation of above mentioned careers & more, pick up individual course career guide from www.mohitmangal.com

SPECIALIZATIONS

<ul style="list-style-type: none"> • Agricultural Economics • Agronomy • Dairying • Food Technology • Irrigation & Drainage Engineering • Plant Pathology • Soil & Water Engineering 	<ul style="list-style-type: none"> • Agricultural Extension Education • Biochemistry • Entomology • Fruit Science • Livestock Products Technology • Processing & Food Engineering • Soil Science 	<ul style="list-style-type: none"> • Agricultural Meteorology/ Agrometeorology • Biotechnology • Farm Machinery & Power Engineering • Horticulture • Microbiology • Remote Sensing & Geographic Information System • Vegetable Science 	<ul style="list-style-type: none"> • Agriculture • Dairy Science & Technology • Floriculture • Human Nutrition • Plant Breeding & Genetics • Sericulture

Architecture and Planning

COURSE DESCRIPTION

A career with amalgamation of creative freedom, expression and technology. Architects work in a range of establishments. From designing to construction, they dwell in both the different worlds. With a Bachelors degree, an Architect opens doors for himself from Production to Academics. A professional in this field creates designs and models for commercial or residential infrastructures, both interior and exterior, according to the customer's requirements. Statistics show that employment of urban and regional planners has grown 13 percent till 2016, which has been a faster growth than the average for all occupations. With the increase in the development and improved infrastructure, including housing, roads, sewer systems, parks, and schools of the country, there is a high demand of qualified Architects and Planners.

AVAILABLE DEGREES

DEGREE	DURATION	ELIGIBILITY
B. Arch. (Bachelor of Architecture)	5 Year	10+2 with PCM
B. Plan (Bachelor of Planning)	4 Year	10+2 any stream with Maths
B. Tech (Plan) (Bachelor of Technology in Planning)	4 Year	10+2 with PCM

CAREER PROSPECTS

Work with Public Works Department	Start own Architectural Venture	Work with Builder/ Construction Co.	Work as a Professional Architect/Planner
Research and Academics	Higher studies in Management	Indian Armed Forces	Higher Studies in respective field
Indian Civil Services	Merchant Navy	Archaeological Survey of India	Banking Job
Work as an Interior Designer	Work as a Landscape Designer	Work as a Spatial Designer	

For explanation of above mentioned careers & more, pick up individual course career guide from www.mohitmangal.com

Architecture Entrance Exams after 12th

Exams for Architecture Sciences	For Admission to	Website
JEE Main- Paper 2A (Joint Entrance Examination B.Arch.)	B.Arch. courses offered by State Engineering Colleges of Participating States and other Participating Institutions.	https://jeemain.nta.nic.in/
NATA (National Aptitude Test in Architecture)	All Architecture institutions other than IITs, NITs and CFTIs across India	https://www.nata.in/
AAT (Architecture Aptitude Test)	B.Arch. Program at IIT Varanasi, Kharagpur and IIT Roorkee	https://www.jeeadv.ac.in/
AMU-AAT (AMU- Architecture Aptitude Test)	B.Arch. Program at Aligarh Muslim University – Aligarh-UP	https://www.amu.ac.in/

Planning Entrance Exams after 12th

JEE Main- Paper 2B (Joint Entrance Examination)	B.Plan. Courses offered by State Engineering Colleges for Participating States and Other Participating Institutions.	www.jeemain.nta.nic.in/
AP-EAPCET (E Category) (Andhra Pradesh Engineering, Agriculture & Pharmacy Common Entrance Test)	B.Tech Planning at Jawaharlal Nehru Technology University. This test is required along with JEE-Main Paper 2 for selection	https://sche.ap.gov.in/EAPCET
TS-EAMCET E (Engineering Agriculture & Medical Common Entrance Test) Engineering	B.Tech Planning at JNAFAU, Hyderabad	https://eamcet.tsche.ac.in/
SMAID-ET (SMAID – Entrance Test)	B.Plan at SMAID Vallabh Vidyanagar	http://smaid.edu.in/

From 2019 Onwards, the Council of Architecture has made PCM Compulsory for admission in any Architecture Course in India. Also All 450+ Colleges in India Except IITs need to take NATA as the entrance criteria for their admission Process.

For more information regarding "Architecture and Planning Course", please download "Architecture and Planning Career Guide" from www.mohitmangal.com

Arts, Humanities and Social Sciences

COURSE DESCRIPTION

The skills acquired in the field of Arts & Humanities are always polished and can be used in various sectors that work both individually and in group. Humanities are academic disciplines that study aspects of human society and culture. The humanities can be described as the study of how people process and document the human experience. Since humans have been able, we have used philosophy, literature, religion, art, music, history and language to understand and record our world. These modes of expression have become some of the subjects that traditionally fall under the humanities umbrella. Knowledge of these records of human experience gives us the opportunity to feel a sense of connection to those who have come before us, as well as to our contemporaries.

AVAILABLE DEGREES

DEGREE	DURATION	ELIGIBILITY
BA (Bachelor of Arts) (Various Specializations)	3 Year	10+2 any Stream

Commerce and Finance

COURSE DESCRIPTION

Commerce is derived from the Latin commercium "trade, trafficking", from com "with, together" and mercium, "merchandise." Some commentators trace the origins of commerce to the very start of transactions in prehistoric times. Apart from traditional self-sufficiency, trading became a principal facility of prehistoric people, who bartered what they had for goods and services from each other.

In historic times, the introduction of currency as a standardized money facilitated the wider exchange of goods and services. During the middle ages, commerce developed in Europe through the trading of luxury goods at trade fairs.

Today, commerce includes as a subset of itself, a complex system of companies which try to maximize their profits by offering products and services to the market (which consists both of individuals and groups and other companies or institutions) at the lowest production cost. Today, commerce does not only refer to exchange or trade of goods and services, or buying and selling but also Data, Information, Views, Opinions, Intellectual Property, Visual recognition etc. can all be exchanged or traded over the internet.

Computer Applications and Sciences

COURSE DESCRIPTION

Caveat: This is not computer engineering.

If a student is interested in software development, application development, web development, game development or any other form of code writing, Computer Applications is the field that the student must explore.

Apart from code writing, computer application professionals also work in testing and implementing software. Development of Instruction manuals for users of the applications could also be a part of their work profile. Career options could include computer programmer, software developer or computer systems analyst.

Computer programmers: A computer is a machine which understands the presence or absence of electrical signals. This can be converted to human understandable binary code. However, the lay man does not understand binary codes. The computer programmer is one who bridges the gap between the language as understood by a machine and the languages as understood by humans. When you think of computer programmers, think of computer languages like C or Java, to name a few.

Software developers: The first kind of software developers are system software developers. We need a basic operating system which helps us make the computer do our command. When we talk about operating systems, we are talking about software like MS Windows, Linux, Unix etc.

Computer Analysts are professionals who check the technical requirements of the individual or the organisation and recommend the necessary technical details. They may also help in setting up the infrastructure and maintain it. System administrators are professionals hired by companies to maintain and upgrade their existing computer networks.

AVAILABLE DEGREES

DEGREE NOMENCLATURE	DURATION	ELIGIBILITY
BCA (Bachelor of Computer Applications)	3 Year	10+2 any stream/with Maths
B.Com (CS) (B.Com. with Specialization in Computer Science)	3 Year	10+2 any stream/with Maths
B.Sc. (CS) (B.Sc. with Specialization in Computer Science)	3 /4Year	10+2 any stream/with Maths
B.Sc. (IT) (B.Sc. with Specialization in Information Technology)	3/4 Year	10+2 any stream/with Maths
BBA-IT (BBA with Specialization in Information Technology)	3 Year	10+2 any stream/with Maths
BCA+MCA (Integrated Bachelor & Masters of Computer Applications)	5 Year	10+2 any stream/with Maths
B.Sc. + M.Sc. (IT) (Integrated Bachelor & Masters of Science in Information Technology)	5 Year	10+2 any stream/with Maths

*Few Colleges may require Maths/Stats/Business Maths/Accounts/Computer Studies as a compulsory Subject for Admission.

CAREER PROSPECTS

Teaching with School/University	Corporate Jobs	Start own IT venture	Quality Assurance Analyst
Application Development	Networking & System Analyst	Higher Studies in Respective field	Central Research Organizations
Indian Civil Services	Merchant Navy	Systems Management	Banking Sector
Web Designing	e-Commerce & Marketing Sector	Database Systems	Multimedia and Animation

Design and Fine Arts

COURSE DESCRIPTION

Design education is the teaching of theory and application in the design of products, services and environments. It encompasses various disciplines of design, such as graphic design, user interface design, web design, packaging design, industrial design, fashion design, information design, interior design, sustainable design, transgenerational design and universal design. The values and attitudes which underline modern design schools differ among the different design schools.

Design is about problem solving. Design education is learning how to apply practical methods, prior knowledge, and natural talent to solve new problems.

AVAILABLE DEGREES

DEGREE	DURATION	ELIGIBILITY
BFA (Bachelor of Fine Arts) (Various Specializations)	4 Year	10+2 any stream
BVA (Bachelor of Visual Arts) (Various Specializations)	4 Year	10+2 any stream

Defence Forces (NDA)

COURSE DESCRIPTION

The N.D.A. & N.A. Examination is conducted by Union Public Service Commission (UPSC) twice a year. This examination is conducted for admission in National Defence Academy. First of all candidates appear for written test and after qualifying that, they are called for SSB interview & fitness test and those who get through the SSB interview are finally admitted in National Defence Academy. The admitted candidates undergo 3 year course in arts/science equivalent to Graduation and get a Degree at the end of successful completion from IGNOU. After the completion of the 3 years course (graduation) candidates are sent to Indian Military Academy or Air Force Academy or Indian Naval Academy for pre-commission training. According to their choice and merit, candidates get into any one of the three academies. Army cadets go to IMA-Dehradun, Air Force cadet go to AFA Hyderabad and Naval cadet go to INA Ezhimala, Kerala. After successful completion of training candidates are appointed as officers in Indian Army, Indian Air Force Services and Indian Navy.

AVAILABLE DEGREES

DEGREE	DURATION	ELIGIBILITY
B.A. (Bachelor of Arts)	3 Year	10+2 any stream
B.Sc. (Bachelor of Science)	3 Year	10+2 with PCM/B
B.E. (Bachelor of Engineering)	4 Year	10+2 with PCM

CAREER PROSPECTS

Ranks in Forces	The army	The Navy	The Air Force
9 th Rank	General	Admiral	Air Chief Marshal
8 th Rank	Lt. General	Vice-Admiral	Air Marshal
7 th Rank	Major General	Rear-Admiral	Air Vice Marshal
6 th Rank	Brigadier	Commodore	Air Commodore
5 th Rank	Colonel	Captain	Group Captain
4 th Rank	Lt. Colonel	Commander	Wing Commander
3 rd Rank	Major	Lieutenant Commander	Squadron Leader
2 nd Rank	Captain	Lieutenant	Flight Lieutenant
1 st Rank	Lieutenant	Sub Lieutenant	Flying Officer

For explanation of above mentioned careers & more, pick up individual course career guide from www.mohitmangal.com

ELIGIBILITY AND PROCESS DETAILS

Type of Entry	Age	Eligibility
Indian Army	16 th - 19 Years	12 th Class pass/appearing of the 10+2 pattern of School Education or equivalent examination conducted by any Board or University (Any Stream).
Indian Navy & Naval Academy	16 th - 19 Years	12 th Class pass/appearing of the 10+2 pattern of School Education or equivalent with Physics and Mathematics conducted by any Board or University.
Indian Air Force	16 th - 19 Years	12 th Class pass/appearing of the 10+2 pattern of School Education or equivalent with Physics and Mathematics conducted by any Board or University.

PROCESS

Duration of Training	3 Yrs at NDA, Khadakwasla, Pune and 1 Yr at Indian Military Academy at Dehradun (For Army cadets)
	3 Yrs at NDA, Khadakwasla, Pune and 1 Yr at Indian Naval Academy at Kerala (For Naval cadets)
	3 Yrs at NDA, Khadakwasla, Pune and 1 & 1/2 Yrs at Air Force Academy at Hyderabad (For Air Force cadets)

Defence Services Entrance Exam after 12th

Exam for Defence Services	For admission to	Website
NDA (National Defence Academy)	Indian Defence Forces. Indian Army, Indian Navy and Indian Air Force	https://www.upsc.gov.in/

From 2021 onwards, female candidates too can appear for NDA and NA exam which previously was limited to only male candidates.

COURSE DESCRIPTION

Economics focuses on the behaviour and interactions of economic agents and how economies work. Microeconomics analyzes basic elements in the economy, including individual agents and markets, their interactions and the outcomes of interactions. Individual agents may include, for example, households, firms, buyers, and sellers. Macroeconomics analyzes the entire economy (meaning aggregated production, consumption, savings, and investment) and issues affecting it, including employment of resources (labour, capital, and land), inflation, economic growth, and the public policies that address these issues.

Economists study how society distributes resources, such as land, labor, raw materials, and machinery to produce goods and services. They conduct research, collect and analyze data, monitor economic trends and develop forecasts on a wide variety of issues, including energy costs, inflation, interest rates, exchange rates, business cycles, taxes, and employment levels, among others.

AVAILABLE DEGREES

DEGREE	DURATION	ELIGIBILITY
BA (Bachelor of Arts)	3 Year	10+2 any stream
BA(Hons)-Bachelor of Arts (Honors)	3/4 Year	10+2 any stream
B.Sc. (Bachelor of Science with Economics)	3/4 Year	10+2 any stream with Maths/ Statistics/Business Maths as one of the Subject
B.Sc.(Hons) (Bachelor of Science (Honors) with Economics)	3/4 Year	10+2 any stream with Maths/ Statistics/Business Maths as one of the Subject

*Few Colleges may require Maths/Stats/Business Maths as a compulsory Subject for Admission.

CAREER PROSPECTS

Multinational Trading Corporations	Import Export Houses	Government/Private Sector Banks	Economic Journalism
Applied Economic Research	Public Finance & Policy	Indian Armed Forces	Economics Consultant
NCAER	International Monetary Fund	National Institute of Public Finance and Policy	Data Analytics
	NITI Ayog	Indian Civil Services	Research & Academics

COURSE DESCRIPTION

If you take a look around yourself, you will find things such as tables, chairs, television or even your clothes. Everyday to-do things that we see around ourselves require engineering. There are various fields of engineering that emerged when humans evolved in modernization. The concept of engineering has been carried on since ages through humans to device their basic manpower help, such as pulleys, carriages, wheels etc. These inventions served mechanical help to humans and helped reducing excess manpower.

An engineer back in the date of 1325 AD was known as the one who operates or constructs the engines. The word engine itself is derived from the Latin ingenium which means "to create". Later, as the infrastructure of the cities and villages developed, the term "civil engineer" came into existence. They specialized their abilities in building infrastructures both in military and non-military fields. The first Engineering college of India is College of Engineering, Guindy, which was established in Chennai in the year 1746.

In a nut shell, Engineers, as practitioners of engineering, are people who invent, design, analyze, build and test machines, systems, structures and materials to fulfill objectives and requirements while considering the limitations imposed by practicality, regulation, safety, and cost. The work of engineers forms the link between scientific discoveries and their subsequent applications to human & business needs and quality of life.

AVAILABLE DEGREES

DEGREE	DURATION	ELIGIBILITY
B. Tech. (Bachelor of Technology)	4 Year	10+2 with PCM
B. E. (Bachelor of Engineering)	4 Year	10+2 with PCM

Hotel, Hospitality and Tourism Management

COURSE DESCRIPTION

Eating out is a trend. This brings us to a career for the footloose and the gastronomic, for the person who loves to meet and make people happy. The rewards are proportionate to the passion the individual has for his area of choice.

It is believed that the hospitality industry began in France in the 15th Century. Nishiyama Onsen Keiunkan, in Yamanashi, Japan, lays claim to being the oldest hotel in the world, founded in 705 AD.

The first luxury hotel in India was The Taj Mahal Palace, a hotel in Mumbai opened on 16th of December 1903 by Jamsetji Nusserwanji Tata, founder of the Tata Group.

The hospitality industry is growing at a phenomenal pace. People travel for business and leisure. They wish to connect with people known to them or learn about various cultures. They travel for relaxation or to adventure. They travel to mourn or celebrate. Whatever the reason it is business time for people in the hospitality industry.

Law

COURSE DESCRIPTION

The legal profession is a vocation that is based on the knowledge of law and its applications. Those who pursue these 'vocations' collectively form a body of individuals who are qualified to practice law in particular jurisdictions. The learned occupation of these individuals is to study, promote, uphold and enforce the collection of rules imposed by the authority. This can be done in the court of law (becoming a Litigator) or outside the court of law (becoming a consultant or a legal advisor).

A Lawyer is a person qualified by education, training and work experience working at a law office, corporation, governmental agency or other entity and who performs specifically delegated substantive legal work like litigating, arbitrating, negotiating, conciliating, and moderating matters for a party which has arisen between two parties. These matters can be primarily classified as civil or criminal, therefore generally the lawyers would either take up civil matters or criminal cases. Further the practicing lawyers can specialise in the following types of laws: Constitutional and administrative law, Criminal law, Contract law, Labour law, Company law, Tort law, Property law, Tax law, Trust law and Family law or Personal law Etc.

COURSE DESCRIPTION

Liberal Studies/Arts education can claim to be the oldest programme of higher education in Western history. It has its origin in the attempt to discover first principles - 'those universal principles which are the condition of the possibility of the existence of anything and everything'. The liberal arts are those subjects or skills that are considered essential for a free person to know in order to take an active part in civic life.

Liberal Arts education can refer to academic subjects such as literature, philosophy, mathematics, and social and physical sciences. As a student in a liberal arts programme you become an intellectual explorer. The dictionary definition of "explorer" is "somebody who travels to distant or unfamiliar places to find out more about them." This is a fairly accurate description of a liberal arts education. As a student in school of liberal arts, you can now embark on that journey and ask challenging questions, find out what really matters to you, learn about the world as it is and imagine the world as you think it ought to be.

COURSE DESCRIPTION

With the advent of internet and technology in the 21st century, the field of communication has gone from endemic to a global level. The channels of communication and interaction have also become wider and numerous. While the Media connected with people only through television and radio in the past, it has now crossed the threshold and connects people through all channels available. As media and communication has become one of the most integral parts in the lives of the people, no person can remain untouched by it, which makes it one of the leading professions across the world. A Degree in Mass communication opens up platforms unexplored.

Mass Communication is all about exchange of information to a wide range of people on various platforms. Television, Radio, Films, Newspaper, Books, Magazines and now even digital media are powerful sources that connect to people and disseminate information. Journalism is a popular field that is known to people in general. However, Mass Communication does not just limit to journalism but also to other areas of communication like News Channels, Public Relations, Brand Management, Creative Designing, Cinematography etc. It is also a powerful tool for people with public profile as it allows them to persuade and influence the behaviour, attitude and thought process of the mass.

An ability to write well and speak effectively is a prerequisite to be in this profession. An inclination to current affairs and general awareness plays a significant role in this profession. Writers, bloggers, editors and reporters control the written media; whereas, news reporters, presenters, anchor, radio and video jockey have a command on the verbal media. Digital media is taking a prominent place in the league.

Medicine and Surgery

COURSE DESCRIPTION

Medicine is the science and practice of the diagnosis, treatment, and prevention of disease. Medicine encompasses a variety of health care practices evolved to maintain and restore health by the prevention and treatment of illness. Contemporary medicine applies biomedical sciences, biomedical research, genetics, and medical technology to diagnose, treat, and prevent injury and disease, typically through pharmaceuticals or surgery, but also through therapies as diverse as psychotherapy, external splints and traction, medical devices, biologics, and ionizing radiation, amongst others.

Medicine has existed for thousands of years, during most of which it was an art (an area of skill and knowledge) frequently having connections to the religious and philosophical beliefs of local culture. For example, a medicine man would apply herbs and say prayers for healing, or an ancient philosopher and physician would apply bloodletting according to the theories of humorism. In recent centuries, since the advent of modern science, most medicine has become a combination of art and science (both basic and applied, under the umbrella of medical science). While stitching technique for sutures is an art learned through practice, the knowledge of what happens at the cellular and molecular level in the tissues being stitched arises through science.

AVAILABLE DEGREES

DEGREE	DURATION	ELIGIBILITY
MBBS (Bachelor of Medicine & Bachelor of Surgery)	5.5 Year	10+2 with PCB
BDS (Bachelor of Dental Surgery)	5 Year	10+2 with PCB

COURSE DESCRIPTION

Performing Arts is a form of art in which artists use their voices or bodies, often in relation to other objects, to convey artistic expression. Performing arts include several disciplines, each performed in front of a live audience. Degrees focusing on Performing Arts are highly practical and actively require participation in cutting edge practices which later prepare you to enter the highly competitive industry.

Be it Classical or Western, an expert in dance can choose to be a dance teacher or trainer at Schools or Private Organizations or can also individually choreograph the trainees in his or her specialized dance form. Singing Professionals like Dance Professionals also have a wide scope and choice selection for their Career. Performing Music – Singing or Playing an Instrument for live audiences and recordings, being Music trainer in your specialized field – Classical or Western in Vocal or Instrumental, Playback Singing, Creating your own Band, etc. A professional in Theatre has the talent to portray real emotions and trigger the conscience of the audience in a very creative way. Theatre Directors on the other hand can bring their scripts to life by working with the people involved in it to very closely connect with the audience.

The Career scope for Performing Arts has now widened. Therefore many institutes have now introduced various programs in Performing Arts providing training and knowledge to future talents in this field.

COURSE DESCRIPTION

Pure Science involves science that derives theories and predictions. Pure Science can also be termed as natural science, basic science or fundamental science. Pure science deals with the study of natural phenomena through observation, experimentation and use of scientific methods.

Pure Science is often experimented in a laboratory. The main objective of pure science is to increase information of a particular field of study and develop scientific theories. Physics, Chemistry, Biology and Mathematics etc are some of the major streams pursued in Pure Sciences.

Studying Pure Sciences requires curiosity in the different phenomena that occur in nature, creating theories and hypotheses about them, and finally testing and validating them through experimentation and logic.

Different science subjects address different aspects of natural phenomena. For example Physics deals with the study of properties of matter and its constituents in the universe, as they relate to motions, force and energy. Chemistry concerns itself with the reactions of the constituents of matter to create new forms of matter. Biology is the study of life forms including their structure, function, growth, evolution, distribution, and classification.

AVAILABLE DEGREES

Rehabilitation Sciences

COURSE DESCRIPTION

If you are interested in solving problems of people, love to help them live a smooth, happy and independent life then the field of Rehabilitation Sciences will definitely help you carve a successful career with job satisfaction. There are wide ranges of options available to choose from in the field of Rehabilitation courses. Rehabilitation is to help people reduce their disabilities through discussions, exercises and therapies.

Rehabilitation Science is all about treating patients who are temporarily or permanently disabled and can't do their everyday tasks because of injuries in their everyday lives. Professionals in this field help people in regaining their independence and mobility by using purposeful activities and exercises. It helps in learning preventional aspects of disabilities to build professionals who possess the knowledge and skills to become effective Officers, Counselors, Supervisors and Therapists.

COURSE DESCRIPTION

If you have very high knowledge in the area of Sports or Games and Sports Management, then a Career in Sports or Physical Education will be very much suitable for you. If you play a particular Sport and are expert at it then you should become a Coach or Trainer or a Referee in that particular Game after finishing your Graduation at School/College level or Private Organizations or Institutes. You should have knowledge of fitness and nutrition, Sports medicine and physiology.

Athletes or Players are not the only stars of the Game or Sport. There are heroes who do all the Management done from the Team to the Tournament ground who make the sport possible. Sports Managers are distributed in various fields of Sport Management like Team Management, Team Director, Sports Agency Management, Brand Management, Tournament Planning, Player Management, etc.

In short, all careers in sports require extensive knowledge of the individual sport in which they are employed.

AVAILABLE DEGREES

Veterinary and Fishery Sciences

COURSE DESCRIPTION

Many degrees in Veterinary Sciences are designed to prepare you for a specific career path—either as a veterinary doctor or as a field researcher. At the same time, a variety of transferable skills should be learned which will serve you well beyond the clinic or laboratory. Including soft skills needed to deal with upset owners, teamwork skills (vets working with a support staff team), learning how to work with the advanced technology used in modern practices and research facilities.

Unlike human medical care, Veterinary Science is competitive and challenging, but also highly respected; it offers social status bonuses, desirable employability and income opportunities—and, of course, the pleasure of contributing to the quality of life of animals.

If you're studying Veterinary Science, you'll discuss many of the same subjects discussed at a medical degree, but focusing on animals rather than humans. Anatomy, animal behavior, animal husbandry, cell biology, nutrition, physiology, genetics, epidemiology, pharmacology, infectious diseases, pathology, parasitology, and public health may be included in the course.

You may also be able to study Veterinary Science modules which are less rigorous but are all part of veterinary career training, including communication skills, law and ethics, business management and others.

AVAILABLE DEGREES

DEGREE	DURATION	ELIGIBILITY
B. V. Sc. & AH (Bachelor of Veterinary Sciences & Animal Husbandry)	5.5 Year	10+2 with PCB
B. F. Sc. (Bachelor of Fisheries Sciences)	4 Year	10+2 with PCB

CAREER PROSPECTS

Indian Civil/ Forest Services	Higher Studies in Respective field	Indian Armed Forces	Veterinary Equipment Manufacturing
Technical Writing	NGOs for Animal Welfare	Veterinary Research	Fish Breeding & Production
Veterinary Journalism	Private Veterinary Doctor	Teaching with Veterinary College	State/Central Civil Veterinary Services
Higher Study in Management	Veterinary Policy Making	Cattle Breeding & Production	Wildlife Conservation

For explanation of above mentioned careers & more, pick up individual course career guide from www.mohitmangal.com

SPECIALIZATIONS

<ul style="list-style-type: none"> • Animal Biotechnology • Aquaculture • Entomology • Livestock Production & Management • Veterinary Anatomy • Veterinary Medicine • Veterinary Pharmacology & Toxicology • Veterinary Science & Animal Husbandry • Animal Genetics & Breeding 	<ul style="list-style-type: none"> • Aquatic Environment Management • Fish Processing Technology • Mariculture • Veterinary and Animal Husbandry Extension • Veterinary Microbiology & Immunology • Veterinary Physiology 	<ul style="list-style-type: none"> • Veterinary Surgery & Radiology • Animal Husbandry & Dairying • Dairy Science & Technology • Fisheries • Microbiology • Veterinary Biochemistry • Veterinary Parasitology 	<ul style="list-style-type: none"> • Veterinary Public Health & Epidemiology • Animal Nutrition • Dairying • Fisheries Resource Management • Poultry Science • Veterinary Gynaecology & Obstetrics • Veterinary Pathology • Veterinary Science

For more information regarding "Veterinary Sciences Course", please download "Veterinary Sciences Career Guide" from www.mohitmangal.com

PLEASE NOTE

Due to the unavoidable pandemic situation, many colleges and institutions have changed their Admission Processes.

These changes could be in the form of change in Exam Pattern, Exam Mode, Exam Time or complete waiver of the Entrance Exam. These institutions may take admissions with other minimum requirements like Essay Writing/ Statement of Purpose/ Personal Statement and Personal Interview etc. Few other institutes have stopped their own exams and have shifted under one or another National Tests.

EXAMPLE

*75+ Central, Public and Private Universities have started accepting CUET as a Common Entrance Test from 2022 onwards which may include universities like Delhi University, JNU, JMI, AMU Etc. This will replace tests like DUET, JMI-ET, BHU-UEET, and AMU-ET Etc. Please refer to the CUET Official website for updated information.

We have taken utmost care to flag/notify such Exams in this list. If you come across any College/Institution which has relaxed the condition of Entrance Exam pertaining Covid-19 restrictions, kindly write to us at info@mohitmangal.com. We shall acknowledge the help and make the required changes.

Please Note that the dates mentioned are tentative according to 2021 Schedule of Entrance Exams. For detailed information on the same, kindly visit the mentioned website under every test.

FAQs by Parents of 9th - 12th Graders

1. How do I help my child choose the right career option after school?

Identifying the Aptitude, Personality and Interest (API) of the child is the key to choose the right career option. His/Her comfort in particular subjects at grade 9 and 10 level and further at grade 11 & 12 level shall help us understand his/her aptitude. Observing the candidate in school/college, along with friends, society, cousins, relatives etc. will give us an insight about his/her personality. Activities which he/she likes being engaged with, will show us his/her interest area. By aligning these three aspects, we can help the candidate choose the right stream. For deeper understanding of your child, get the child's API testing done. Mr. Mohit Mangal and his team will do the Brain mapping of the candidate and assess the API to help him/her choose the right stream/course forward.

2. What are the different Career options after 10th?

In Indian education System, there are only 4 Streams available after 10th. The child can choose to take Science A-Group (Physics, Chemistry, and Mathematics), Science B-Group (Physics, Chemistry, and Biology), Commerce Group (Accounts, Statistics, Economics and Business studies) or Arts/Humanities Group (History, Geography, Psychology, Political Science and Sociology). If the child does not wish to carry on with Main stream academics, he/she can also shift to skill based programs after 10th. These skill based programs can be either Diploma or Certification in the area of Engineering, Medicine and Rehabilitation sciences or they can be in general areas like Hair care, Beautician, DJ/VJ/RJ, Event Management, Travel and Tourism, Export Import Etc.

3. What are the different career options after 12th?

University Grants Commission (UGC), which is the parent regulatory body of education in India under the Ministry of HRD, has broadly classified education in 15 broad areas after 12th for Bachelor Degrees. For the ease of understanding of the parents and students, I have sub categorized a few areas and made a total of 22 classified Categories in which a child passing from grade 12 can take bachelor's degree in. Out of these 22, there are 16 areas of education, in which a student can take Bachelor Degree walking out of ANY STREAM be it Science, Commerce or Arts & Humanities after 12th.

4. My child is not good at Math, will a lot of streams get closed for him/her if he/she leaves Math after 10th?

No, for all the 16 general degree areas (as stated above) open to any stream, no mathematics is required in grade 11/12. Even Entrance Exams at all levels, be it Bachelor or Master, always expect the child to have knowledge of only 10th Level Maths. Higher Maths is not required for any General Entrance exam. Be it GMAT, GRE for international studies or CAT, CMAT, XAT, NET Etc. for Domestic Education. So, the child shall not be at loss anywhere.

5. My child wants to follow his friends and go in the same stream after 10th/12th. What should I do?

Mr. Mangal very Commonly say, "Do not Follow Friends or Trends". Please do not allow your child to follow the same stream which the friends are taking. For deeper understanding of your child, get the child's API testing done. Mr. Mohit Mangal and his team will do the Brain mapping of the child and assess the API to help him/her choose the right course/plan forward.

6. We want our child to join family business. Which course is most suitable for him/her?

The course which he/she has the best interest in is the most suitable course. Pushing the child in a degree program matching your family business may not be the right thing to do. Rather give him/her a course of his/her interest which will make the child smart. Subsequently he/she will be in a position to take your business forward in a better way.

7. My child has a very wavering mind. He/she comes up with a different choice every now and then. What should I do?

At this age, all the three parameters, Aptitude, Personality and Interest change very fast. So, in a way it's good if he has wavering mind because at least he/she is observing, thinking and trying to explore. You can take help from an Expert Career Counsellor. For deeper understanding of your child, get the child's API testing done. Mr. Mohit Mangal and his team will do the Brain mapping of the child and assess the API to help him/her choose the right course/plan forward.

8. I want my child to take up my profession, but am not sure if he/she will be able to do that?

You can take help from an Expert Career Counsellor. For deeper understanding of your child, get the child's API testing done. Mr. Mohit Mangal and his team will do the Brain mapping of the child and assess the API to help him/her choose the right course/plan forward.

FAQs by Students from 9th to 12th Grade

1. What Course/Stream shall I choose if I wish to appear for IAS/IPS/UPSC/Civil Service Examination?

Any candidate with minimum 21 Years of age and having completed Graduation from ANY STREAM can appear for the Exam. Traditionally Students preferred BA as graduation because that degree gave time for preparation, but off late I see students from all fields, be it Medicine, Engineering or Commerce cracking the exam. One latest trend which I see is students go 5 Year Law after 12th and then give UPSC Exam. This helps them in three ways: Firstly, the legal studies are in line with the study requirements of UPSC, so preparation takes place automatically. Secondly, Legal Studies also opens door to Judiciary Examinations. Thirdly, even if the candidate is unable to clear the exam, he/she has a professional degree in hand and can pursue profession as a lawyer.

2. What are the pre requisites of Architecture?

Students who are good in both creativity and Mathematics (Eligibility being any Stream in 12th with Maths) are the right candidates to pursue Architecture. One needs to pursue Higher Maths after 10th to appear for competitive exams for Architecture like NATA, JEE-MAIN (PAPER-2) Etc.

3. How can I get into Teaching Profession?

If you are passionate about any one subject or group of similar subjects, you can pursue higher education in the specific subject field and get into Teaching. You can be a Bachelor Degree holder with B.Ed. to enter in School Teaching. In Order to get into College Teaching, Higher Education like Masters/Doctorate Degree is required. One should possess the following qualities:

- i. The ability to inspire students
- ii. Patience, caring, and kind personality
- iii. Knowledge of learners
- iv. Dedication to teaching
- v. Capable of engaging students in learning

4. Where can I pursue degree in Interior Design/ Fashion Design?

In India, there is no specific degree in the area of interior or fashion design alone. One has to pursue a degree in Design and take elective/ specialization subject choice of interior/fashion design. By this method, one can pursue one's dream. Apart from this, there are private institutes which give diploma/certification programmes in various fields of design which include interior/fashion design as well that one can pursue along with any graduation degree after 12th. Also, there are Master level Programmes available in these areas.

5. How can I become an Ethical Hacker/ Pursue Degree in Hacking or Cyber Security?

In India, there is no specific degree in the area of Hacking or Cyber Security at Bachelor Level. One has to pursue a degree in Computer Application or Information Technology (Ideally) and take elective/ specialization subject of Hacking / Cyber Security (If offered by the institute where one is studying) in the 3rd or 4th year of graduation. By this method one can pursue one's dream. Apart from this, there are private institutes which give diploma/certification programmes in various fields of Ethical Hacking / Cyber Security, which one can pursue along with any graduation degree after 12th. Also, there are Master level Programmes available in these areas.

6. How can I become a Game Designer/ Application Designer?

In India, there is no specific degree in the area of Game Design/ Application Design. One has to ideally pursue a degree in Computer Application or Information Technology and take elective/ specialization subject of Game Design/ Application Design (If offered by the institute where one is studying) in the 3rd or 4th year of graduation. By this method one can pursue one's dream. Apart from this there are private institutes which give diploma/certification programmes in various fields of Game Design/ Application Design, which one can pursue along with any graduation degree after 12th. Also, there are Master level Programmes available in these areas.

7. Where can I study Event Management?

In India, there is no specific degree in the area of Event Management. One has to ideally pursue a degree in Business Management and take elective/ specialization subject of Event management (If offered by the institute where one is studying) in the 3rd year of their graduation. By this method one can pursue one's dream of Event Management. Apart from this there are private institutes which give diploma/certification programmes in Event Management, which one can pursue along with any graduation degree after 12th.

8. How can I become an Air Hostess/Steward?

Any candidate who has passed grade 12th with English as a compulsory subject and has good command on language can pursue a career in this field. Since this is a skill based programme, no specific educational degree or diploma is required for this. There are a few Private training centres which groom you to effectively appear and qualify the selection process for joining this profession. One should Possess the following Qualities:

- i. Pleasing Personality
- ii. Good appearance
- iii. Pleasant voice
- iv. Friendly Nature
- v. Good Communication Skills

9. How can I become a Pilot?

Any Student with Physics and Mathematics in grade 12 (basically Science-A Group) can attain a Pilot Licence. The three stages are Student Pilot Licence followed by Private Pilot Licence and finally getting Commercial Pilot Licence from any Flying school approved by DGCA in India. The candidate has to log certain number of required flying hours along with passing tests as prescribed by the DGCA before one can fly an aircraft independently or as a Commercial Pilot.

Also one can join Indian Air Force and become a pilot where all your training needs are taken care by them. You need to serve in the Air Force for stipulated time with a bond.

MOHIT MANGAL
A Complete Career Guide

Happy Counseling!!

About the Author

Trained in Structural Engineering along with a Master's Degree in Management under his hat, Mr. Mohit Mangal is a Nationally Renowned Career Counselor and Educational Psychometrist. Mr. Mohit quit his cushy job in a top FMCG Company in 2003, against much reservations and apprehensions of his peers, since he felt driven by the quest to help students find their right career path. Having found his own path the hard way around, he was equipped with the detailed know-how of the dilemmas that students face and the challenges that the very dynamic professional market throws at the student community. He felt confident about guiding them in the right direction.

Today, more than 19 years later, Mr. Mangal has delivered more than 1600 talks across India and helped more than 6.5 lakh students identify their right path forward. He has counseled more than 26000 students through his indigenously developed tool called "BrainMapping".

Driven by the assurance of having made substantial difference, and motivated by the zeal to surpass his own self, Mr. Mohit along with his team continues to deliver career awareness workshops, design and use Self-Assessment tools for school and college students, and offer guidance to more than 1,00,000 students each year. He also works with college students and professionals, who need help in identifying and fine tuning their Career Goals at different points in their professional life to attain even higher goals.

Mr. Mohit runs iQue Foundation for Youth Awareness, which is Section-8 Not-for-Profit Organisation that is devoted to create awareness amongst the youth on relevant, contemporary and topical issues of the day, Career Awareness being one of those.

He has been a Guest Faculty at some of the premier institutes of the nation including IIT-Delhi, IIT-Mumbai, IIM-Ahmedabad, IIM-Bangalore, National Institute of Design, National Institute of Fashion Technology and Gujarat Institute of Disaster Management to name a few.
